Circuit Judge
Eugene Carter -,

Dear Judge

Words cannot express my feelings toward you for the stand you have taken in regards to Negro troubles you are confronted with =

I am a Native born of New Orleans La and understand it against the law to throw leaf lets from planes in air such in Louisiana & Texas = Don't know about Montgomery Ala = Therefore a child may run into path of a vehicle trying to get leaflet and may be killed or crippled for life. And if this negro Disc Jockey from Chicago who plans such a stunt should be punished to the fullest extent of the Law. =

I am so sorry our Governor Raymond Gary and City Manager Bill Gill Jr has leaned toward the negro with out putting up any resistance =

I trust you will honor this in the spirit its meant

I am.
Gratefully Yours
Walter Steele

WHY the non-segregation law should be REPEALED

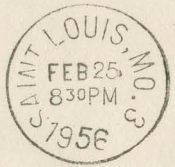
The non-segregation law will lead to vast numbers of inter-marriages in America, this will mean the birth of millions of mulattoes in this nation. It is a known fact that a lot of mulattoes cannot be distinguished from white people. This will lead to thousands of white girls marrying mulattoes whom the white girls believed were white men, then when they have a child that child could be born colored. IMAGINE THE FEELINGS OF THOSE WHITE WOMEN who thought they married a white man, giving birth to a colored child. A THING LIKE THAT COULD DRIVE THOSE WHITE WOMEN INSANE.

Under the non-segregation law now in effect in America our nation will become a nation of divorces, sucides, murders, broken homes, mental cases, etc., etc. This law if not repeal at once by our congress will cause this nation to be labeled in history for all time to come, a nation of "SORROWS". This law in the sight of GOD is a sin and will result into a curse being put on our nation that the future children of this nation will never forgive the present generation.

May GOD control the minds of our congressmen, our supreme court justices and our President, that our nation may avoid even greater miseries than the people of the world already have to face even without non-segregation. In the name of our HEAVENLY FATHER, let's not make the world a worse place to live in. REPEAL that DISASTEROUS non-segregation law NOW before too much damage is done.

Don't let 5/17/54 be the day that could be the end of all peace of mind for all the people of the world for all time to come.

This message was divinely given to the writer for the protection of America.



Circuit Judge Eugene Carter,
Montgomery, Ala.
