Holland
1-26-45

Dear S.F.H.,

I received S.F.H. no. 72 today and I sure was glad to receive it and I appreciate it very much. The picture of the Capitol, Dexter Ave. and the Square on the front page sure looked good to me. If I could only be there now, I couldn't ask for anything more. That picture brought one of the biggest smiles to my face since I've been here. It has been some time since I wrote you last and since then I've came a long way. I didn't like France at all and Belgium is better but I like Holland the best of the three. Its pretty cold here and the snow is pretty deep but once in a while the moon comes out at night and it reminds me of good old Montgomery during those nice summer months. The poem on the front page was sure nice and I can just see every place that was mentioned.

Well the war against the heinies look pretty good around this sector and Russia is doing a bang-up job and if they keep it up all of us may be back in Montgomery by this coming Christmas anyway. Well I'll close now saying I'll try and write more often but I've been kinda busy so forgive me if I miss writing a week or two once in a while. Keep those L.F.H. coming my way as I sure appreciate them very much.

As Ever,

Ed

P.S. It. Edward L. Brown not T. although I do make a funny look L. this time its G.I. so it should be right and ~~readable~~. INK PEN [illegible]
