Hon Sir

In view of the fact that the Extreyordinary Session of the Alabama Legislature convene Tuesday at noon. and as you have been tried and found alert to all good. I wish to call your attention to an important safeguard in Woman Suffrage legislation

It seemes to me that humanity is now justifyed. and Alabama should set a precedane over other States. by ading a claus to our State Constitution on Character qualify-cations. "As more than half of the men of the State is disqualifyed. Low Character women are for Sale

In other words. negroes are just as Elligible to vote for good government as Pimps and Prostitutes. but I dont thinke either are Elligible to citizenship even

Trusting that this might meete your approval

I am as ever. Your Servant
