Children

Deare Mother, Pop, answered

How are you feeling. I am feeling find. One of our begles had eight pupies last Monday. They were about four inches long, now their about five inches long. They look just like their father. You can tell that he is their father by looking at them. The other begle is going to have some begles too, I hope she has nine so we can have a deer drive. We are going to raise the pupies in the yard so they won't turn wild. I have been riding my horse a lot. Thank you very much for the pants I realy needed them. I shour wish you were here at home. I hope you are both feel good. I am very, very, very, glad the way the trail came out. Thank you for the money.

Love always,
Lee Boykin
