My dear "Letter from Home",

From oneof Montgomery's adopted daughters comes this little note to express her sincere appreciation for being on the list to receive all the latest on Montgomery and Montgomerians.

Several changes have taken place in my life since my last letter to you - I am now Yeoman Third class, I have married and now I am stationed at the Headquarters of the 12th Naval District in SanFrancisco. As I expect to be discharged within a few weeks you may discontinue sending me a copy each week.

I have enjoyed every issue and will miss keeping up with my Montgomery friends through it.

Sincerely,

Jean Dilks Carpenter
