Copy. — His Excellency Geo. M. Troup

Sir

At a meeting of the board of Commissioners of the Oconee Navigation Association in Milledgeville in the time of the Session in 1825. I made a final settlement of all my transactions as former Treasurer of that Institution, which was entered on their minutes, and was then appointed with another member of the board, to settle with and collect the amount due from John T. Rowland for a balance of Boat hand hire which I effected in April 1826 and received two hundred and twenty nine dollars and ninety four cents — which I have paid out for demands against the board as per vouchers herewith transmitted. —

Also, I herewith inclose the certificate for one hundred shares in the State Bank, on which sixty dollars per share have been paid. —

I am Sir very respectfully yr hble. Servt

(signed) R Blount
