Camp Augusta Ga March 17, 65

Dear Mother

did not leave on the 13th as
I wrote, we expected the [illegible] train
[illegible] on the 14th. Our company re-
maining to accompany Lieut Gen'l
[illegible] a day or
two. Just received Charley's letter of
the 1st inst. Hope he will reach here
before we leave. He was fortunate in
getting home, without a pass. How
do you expect to get the horses home?
Wrote from Macon, Milledgeville, and twice
before since we reached this place. You
must have received some of them, before
this. Hope Charley will [illegible]
back, as it is a long [illegible] from [illegible]
We expect to start [illegible] morn[illegible]
ing but there is no [illegible] of it.
will mail this just [illegible] leave if

at all and if not will say something more about it. Billy Lang and Finlayson went through last Monday, with Maj Blue Moore, asst Chief Q.M. He left him with us; ie, Lieut Kalmsley myself. Have not drawn any beef since I returned. Got 1/3 lb. Pork & 1 lb meal. Horses are doing very well. Expect to suffer when we reach the army. Ga is a very poor country have not seen any good land since I have been in the State. From all accounts, I suppose Portland is or has been about drowned out, by the high water. Have written Miss Fannie twice since I reached the company. Am looking for one from her now. Hope Chorley will start from home with a good supply of Con fed, as he will need it before he reaches us. Did C get his new boots?

Love to Fand the Cotrobund affectionately
