Dear Laura

A member of Jnes Co leaves the before day in the morning for home so I write this in haste to you. I send a list of things for you to send me. As this was unexpected & sudden I fear there may be something I may forget. Please send the things first chance. Eilands says he will come back by for them. Find out what day he will return so you can have them ready.

Gen Early has again been thrashed. We are uneasy about Hood. I send a couple of this morning papers to father by Eiland.

All goes as usual here. Write soon yrs in haste
