Abington Va

My dear Father April 26 1864

We are under orders to embark on the cars I suppose for Lee's army in a few minutes. I write this in haste to send by Maj Huguly who leaves for Ala - I do not know when another chance will offer - but will write as soon as we get to our destination if I get a chance - We are all glad to leave this country -

Sergt Paul & Norris reached here safely last night - They brought your letters but the bundle containing shoes etc. were stolen from them - We were very glad to hear from you as it was the first

for a long time - You may I think, certainly expect to hear of us next with Gen Lee's army. This has been my great desire. Tell Lonia & the boys to write often

Do write
