Mr J. W. Garrott

Dear Sir, I have seen your notice stating that you had a commission to raise a regiment, and as we are raising a company in this neighborhood, having now about fifty or sixty members, I thought I would write to you to ascertain whether your regiment was full, when you expect it to be full if not already, how the regiment is to be armed, the place of rendezvous &c &c, So that when our company is organized I may lay before them these particulars, I have written to E. W. Pettus, also to — Dillard, Your early attention to the above will oblige yours

Most Respectfully
