Scottsboro

Wynndel B.C., Canada,
July 14, 1931.

Governor B. M. Miller
Birmingham, Ala.

Dear Sir,

We, The Farmers Educational League do emphatically protest against the legal lynching of the eight negro boys of Scottsboro

That these boys were tried in an atmosphere of race hysteria and class vengeance, and that they were tried as negroes and not as ordinary white men was proven by the brevity and fierceness of the trial

We demand that these boys be released as they were only convicted on prejudiced evidence.

Farmers' Educational League
Thos E. Mounteford Sec'y.
