Dear Mr. Governor

If Ruby Bates - one of the two women in the Scottsboro case - made this statement "Those policemen made me tell a lie. Those Negroes did not touch me. I know it was wrong to let those negroes be sentenced to die on account of me".-- I am sure you will wish to release the nine Scottsboro boys and give them a safe conduct to their homes.

At this distance it is hard to know the truth about this case but we all look to you to do what is right.

Sincerely

Leopold Stokowski
