Dear Jodie an all.
How are you all buy now?
Its sunday nothing to do but write. Jodie Old Ky. is a very beautifull state. The home of the blue grass, the people up here is realey making the money raising white face Cattle. I went to Louisville last nite I have got a hang over to day I feel pretty tought, as Uncle Aus use to say, Boy they are realey drilling the hell out of us. The boys from up North can take it we went on a 2 day hike this week one man died got to hot I guess serveal fell out. We have everything for entertainment up here. I sure do miss all of you, I get home sick some times but I just stand back and take it. Army life is a nerve breaking job change Cloth 4 or 5 times a day, your finger just get sore as hell, beside the Goverment is going to force us to Bordsto.

It may be a long time before I see you all again. I am with "Head Quaters company" they are the brain of the army. We have boys here that work plenty of money, an yet they don't mean no more than me, so you see army life will put everybody on the level. I wonder if Bryce is still up here? When have you been back on the creek? I sure would like to be back but uncle wont agree. Me and Lazy and you could have a time fishing, hunting. We had a rather nice dinner today chicken, strawberries, gravy, plenty of everything. Army life is altogether different from civilian life. Tell Wes hello for me I guess he has got a good crop too. Tell Dr. Dot Hello for me and go to school every day that possible. I wish each and everyone of you the very best of luck.

Love forever

Howard.
