FEMALE EDUCATION IN CALIFORNIA.—

We learn that Mrs. M. E. Tulloss, late principal of the Young Ladies' Seminary in Tuscaloosa, Ala., goes out to California by the next steamer leaving hence for Chagres, with the view of devoting herself to the education of her sex in that distant and infant State. Mrs. Tulloss is an accomplished lady, in full acceptance of the term, and is zealous in the philanthropic but arduous mission which she has undertaken. It is an interesting fact, that she is the first female teacher and missionary that goes to the golden land.
