Judge Eugene W. Carter
Montgomery
Alabama

Dear Judge Carter:

Good people of the world are praying that you and other white people in Montgomery will be touched by the struggle of your negro fellow citizens to be treated like other human beings. No matter what the history of negro-white relations has been in the past, and no matter how happily the two races might be able to live under segregated conditions, it cannot be right that one race should give its bus seats to another. The world knows this. The world is watching you and the others in Montgomery. Just now, our reputation in the eyes of the world is seriously worsened because of what is happening in your city, in your own church and in your court. Surely, right will win through, in the struggle which I pray will be carried in the hearts and consciences of people like you, who want to do what is right, I am sure.

Very sincerely yours,

Richard Day
