Dear George:

I thought that you might be interested in a telegram that we sent to Armistead Selden and Senator Hill. The Democratic Party situation is worsening in this area due to the Kennedy's and the federal court intervention in general. I have heard a great deal of comment on the slogan that is printed on the letterheads that are coming out now urging support in November. The slogan is, as you know, "The Democratic Party Stands up for Alabama". The comment that sums up the general reaction is "Every time I see that slogan, it galls me".

Your stand with Governor Barnett in this crisis is almost universally popular here and people appreciate it.

Sincerely,

Thomas R. Long
