

**"Our kind of man"**

**Wallace**

**FOR GOVERNOR**

# George Wallace needs your support to accomplish these goals:

## Educational Excellence

Under Wallace leadership, Alabama became the first state in the nation to increase money to education by 100%. He will continue this progress by again making education the number one concern of state government. By furnishing the free textbooks to which all Alabama children are entitled but are not, in many instances, receiving. And by continuing the fight to have our domestic institutions returned to the people of Alabama.

## Economic Progress

George Wallace has pledged to fight inflation at every opportunity. By reducing medical costs and squelching new taxes. By lifting the 4% utilities tax from the people and placing it on the utilities themselves. And by putting the state's industrial expansion program into high gear. This program brought \$3 billion and 125,000 new jobs into the state during past Wallace years. And George Wallace will see that it yields still greater economic growth during his next administration!
