Dr Sir

I have written you twice without any answer — the latter to you regarding a Case in this Quarter of Cobbett & Cobbett with which I understand you are made acquainted — Doctor Howard has applied the object of a Commission from the Supreme Court of this District — But in the suit concerning you there the whole subject of the Commission is stated by Mr Wm Burnside J.P. who was of Nihil & Mr Wm Burnside J.P. who declared a Forgery — I enclose you the affidavit of a Gentleman upon which the suit was continued — it seems very strange that Dr Howard could procure whether they demand impossible to be effected — I have used the freedom of making you a Commissioner in this Case & will thank you to take the testimony of Mr Burnside & of Mr Robertson & to direct to me at Pensacola or by the Steamer at Havana —

accept I pray you of the Sincere assurances of my Respectful Regard

Yours &c

My Dear Sir

I am happy to inform you that at the Request of W.S. Hamilton we have purchased a plantation on the Bayou Sara, near the line of Demarcation W. F. — he promises to resign whenever he can with Honor in these times & what is greatly to be feared Federalism will not be suffered at Chapel Hill —

at present I use the freedom of troubling you about the testimony of a Man of the Name of Wilson in a Case with the Sup Court of Parish Court in behalf of a Mr Cobat who is charged with poisoning of her Husband — May I beg of you to see Mr Buford who is appointed Commr by Judge Mathews to take the testimony of Wilson another Copy will also go to you probably to take the testimony of Buford & Wilson —

It is charged that Mr Buford is not a Justice of the peace & indeed Mr Dangerfield has entered that he is not so — the testimony of Wilson before persons to Mount Hope is charged as forgery &

Pray endeavour to have the testimony of Buford & Wilson taken carefully & with me —

I write you from Point Coupee to which place I am the 15 Inst with to which I have not answer

Yours sincerely

My friend

I beg to hand you a/count drawn to the
Buford Estate pertaining to the case of the
State of Abbott — the first one taken
by Mr Buford & filed in the Parish Court
of St Helena has been declared by a Master
in Chancery to be a forgery & that there
is no such Man as Wilson &c — Will you
do me the favor to open & write me —
enclose it to me
What think you of our situation, thrown
upon the great Waters & deserted even
by the Imbecile Madison — to be sure
there is some entering wedge & backward-
ness & weakness in our administration
— Mean about to enter into some Reso-
lutions here — I want to be annexed
to the M. T. & not to the Atlantic States
— pray write me
accept that & all the warmest
& respectful regards & best Wishes
