

Dr. Gallier.

Nashville. Dec. 18th 1812

Permit me to introduce
to your acquaintance Mr. Crawford
from Va. one of the Land Comrs
E. of Pearl River = you will find
Mr. Crawford a well info. Gentleman
whose manners are amiable, and
his morals unexceptionable; Knowing
your great friendship for all young
men in a strange country; I am certain
I shall not be disappointed when I expect
your utmost hospitality and friendship
extended to him. — I should be glad

to hear from you on any topic which
may occur in your part of the world;
I shall leave this in a few days,
my plan of destination not yet
known — I hope that a few short
months will put us in possession of
East Florida, in this event I may
be amongst you ere long.

I congratulate you on the
probability of a speedy admission
of your State into the Union as
a state. What disposition will be
made of East Florida? Will it
be added to the Miss: T. T. or will
it be made a T. T. to itself? and

in the latter event, being somewhat
fatigued with the noise and bustle
of a camp, tho' I cannot add with
the blaze and roar of battle; what
think you of the feasibility of my being
appointed Gov^r of the same? Don't
smile at this — I should like much
to hear from you upon these topics.
