It agreeable to Col. Hawkins talk the chiefs of the Nation was called together on business of great importance to settle concerning the murder committed in or near the mouth of the Ohio by the little Warrior a creek Indian, as part of his associates was killed he and his nephews made their escape, his place of residence is on the black Warrior at the creek village it is the opinion of the chiefs that he will endeavour to do all the mischief he possibly can as he is now outlawed in his own Country and men out in all directions to take or kill him. The Settlements in the fork of Bigby and the Alabama are desired to take care for fear he may endeavour to commit some depredation there as it is a weak part of the Settlement likewise on Federal road leading from Fort Stoddard to Tennessee, should he commit any depredation at either of those places it will not be by any order of the Chiefs, should he commit any depredation in any part of your neighbourhood you are desired by the Chiefs to have him taken and treated as your law directs, you must not think from any recollect of the little Warrior that the Chiefs are any foes of the whites. Should he commit any depredation there do not by any means fall upon our Villages that are above you for they are friendly and will not do any thing that is not agreeable to the Chiefs. The Chiefs are desirous that you should get the information as quick as possible that you may give information to the Chataways & Chickasaws as both Nations are perfectly well acquainted with him and to put him to death wherever they find him, or take him prisoner and deliver him up to the laws of the U.S. you will have it in your

power to give information in that quarter before
the Chaps or Col. Hawkins Com. - The Chaps
have not settled all their business agreeable
to their wish. - when they settle their affairs
they will write Col. Hawkins a true statement
of the whole and then you will receive it
from him - The Chaps give you this that
may be an your guard against that rascal

We are your friends & well-wishers
