

Gentlemen,

On the last scrap of paper in my possession I hasten to state, that hearing nothing of Mr Butts I borrowed a sufficient sum of money to meet our immediate wants, & dispatched a messenger to the Gov. with a brief account of our transactions & our difficulties adding a request that he would immediately transmit so as to meet us at the Flat Shoals on Flint, a sufficient sum of money to pay off the loan.

But Mr Butts has arrived, I have paid off the money already borrowed, will dispatch him immediately to you with some money & retain the balance till you all join me on Sunday at the Flat Shoals where Phelps has a mill & every convenience we may need. From Millers bend to the Flat Shoals there is a large path, the distance 30 or 35 miles & the position convenient for all of us whether travelling up or down the Country.

My horse's back is so much injured as to render him unfit for travelling, yet I propose to set out some time tomorrow

Yrs truly

Gentlemen,

But Mr Butts has arrived, I have paid off the money already borrowed, with dispatch ~~here~~ immediately to you with some money & retain the balance till you all join me on Sunday at the Flat Shoals where Philips has a mill & every convenience we may need. From Millers bend to the Flat Shoals there is a large path, the distance 30 or 35 miles & the position convenient for all of us whether travelling up or down the Country.

My horse's back is so much injured as to render him unfit for travelling, yet I propose to set out some time tomorrow
