

We the people believe that if
 the whipping and branding does not
 make ~~the~~ Law do better
 nothing will, we therefore do
 not ~~want~~ ^{care to see} him punished any
 more this time and should be
 glad if the governor would pardon
 him

The within records having been collected
in small collections of persons were
written by an man.

We the people believe that if
the whipping and branding does not
make Mr. Lowery do better
nothing will we therefore do
not care to see him punished any
more this time and should be
glad if the governor would pardon
him.
