

UNIVERSITY OF ALABAMA.

August, 1860.

Parents intending to send sons to the UNIVERSITY OF ALABAMA, will please observe the following directions:

1. Furnish your son well with under clothing, but with no outer clothing excepting the suit he wears.

2. Furnish him also with the following articles:

One pair of blankets, for a single bed.

Two pair of sheets.

One comfort.

Two pair of Monroe shoes.

One clothes brush.

Two clothes bags.

One tooth brush.

Six towels.

3. Send by him to the President of the University, in money or in a draft upon the City of Mobile, the sum of Two Hundred Dollars, out of which, the University will supply every ordinary want of your son during the first half of the scholastic year; and provide for the payment of a like sum on the 1st of April following, to cover his expenses the second half of the year.

4. It is believed that with four hundred dollars the Institution can meet every expense of a student for twelve months, according to the following estimate, viz.:

Board, \$13 per mo.,	\$156 00
Clothing,	125 00
Tuition,	52 00
Washing, \$1 50 per mo.,	18 00
Servants' Hire,	2 00
Fuel and Lights,	20 00
Room Furniture,	5 00
Books,	12 00
Fee for Medical Attendance,	5 00
Fee for Music,	5 00
	<hr/>
	\$400 00

It is to be understood that the above is only an approximate estimate. A strict account will be kept of all expenditures made on a student's behalf, and a quarterly statement sent to his parent. If his expenses shall prove to be less than the sum designated, the balance will be paid over to him at the end of the year, or carried over to his credit for the next year. On the other hand, if they shall exceed that amount, the parent must make a special deposit to meet the excess.

5. When students are absent on furlough for the space of a month or more, a pro rata reduction will be made of board, washing, and lights.

6. The parent will write to the President, informing him of the amount of pocket money he wishes his son to spend monthly, and will make a special deposit of the amount for the first six months of the scholastic year, which his son can draw monthly.

There is no occasion for much pocket-money. It is not needed for any essential purpose; and it is generally squandered foolishly and even hurtfully. The free use of money is the most prolific source of vice in our literary institutions.

7. As heretofore, two indigent young men from each

For the ensuing year a Commissary's Department cannot be organized; on which account students will have to board at private houses in the vicinity. This will increase the price of board some two or three dollars per month, for which provision must be made. As soon as possible, a mess-hall will be erected and a Commissary's department organized, furnishing good boarding at the price stipulated.
