

2 Miles from Manassas ^{Dunbar}

June 16. 1861,

My dear father,

I wrote
to you a day or two ago
from Lynchburg but as I
have since changed posi-
tions I write again. We
are all still well & in
good spirits. Our Regi-
ment arrived here yester-
day. Part of it in the day
time but two companies
among which was the Anty-
Rifles didn't get in till
about an hour after dark.
Our camp is some two
miles from Manassas from
town - we being out on the
road towards Alexandria.
We had a very hard time

last night after getting
here for we had to carry our
tents chests & all other
camp equipage a quarter
of a mile after the cows
put us down - two
heavy work so we didn't
get the tents pitched till
near 12 o'clock. at night
& I course you we were
glad enough to go to bed
there without thinking
of supper for we travelled
all the way from Lynch-
burg forty of us in a box
car so crowded that there
was no chance to sleep at
all on them.

We are the only Ala. Reg-
iment here tho' they say
the Third will be here to-
night. We are now on
the extreme out post

for a S. Carolina regiment is
still further on to Alexan-
dria than we are. We
are encamped just by
the side of one S. Caro-
lina regiment.

They daily bring in cap-
tured scouting parties of You-
kees. One of ours was
shot & killed yesterday eve-
ning by one of our own
men by mistake. The pris-
oners taken are sent to
Richmond. His thought
here that there will be
an engagement very shortly.

From what I hear I
suppose we have 15,000
troops here - no one knows
tho' for they are scattered
all around for miles - I do
not suppose more than
two or three regiments at

any one place. I learn
that our extreme out
posts are within five
miles of Abe's. The
soldiers are afraid to be
out far from camp for
fear of being captured.

In a small creek near here the
fish were all died but this
thought by some that it is
only the loach used in it in
swooning tho' others say
it has been poisoned which
is very probable.

one one in an open
field - 300 yds. to the west

one near small mud
holes of springs near
which offered very bad
water & in small quan-
tities but we have
cleared them out to-
day - made them very
large & built up strong
stone walls so that I
think when they get
clear we will get good
water

The men built up
cool coverings in front
of our tents today - they
are covered with green
brush.

We may have a fight
in two days or less even
before you get this or
it may be a month
(this is my idea).

Pat Stanton reports that
when we get here that
Beauregard asked him how
the Regiment was coming
& he replied "rifles" to
which B. said "I am
glad of that for I will
give you some shooting
to do in a day or two."
Seibels tells all his men
to take good care of their

pistols - so Johnny tells
me to ask you if you
get a chance to send him
one. Dont forget to send
me one if you can get it.
I wish you would also
get me a pair of shoes
for I am afraid there may
give out suddenly & there
is small chance here to
get more. Many of the men
have a reserved pair. These
being rather thin & also
worn some besides, wont
last long. You will re-
collect about how these fit
you & can get the next pair by
them. They are if any-
thing rather too large. No. 5's
any number but I would
prefer no. 6's for this occasion.
Please also get me another
night cap. The one I have

is rather large & inconvenient.
It will fit a barrel almost.
Ed Cronshaw came from
Charlottesville to the camp
here with me on the 20th.
He had to sit a prop however
to get in. He went back
this evening. He promised
me to write you a letter
as soon as he got
back.

While I write another
regiment from Missis-
sippi is coming in.

Things certainly do look
as if we were going to
have a fight.

Beaugard has thrown up
his breastworks in many
places. I must sud-
denly close - will write
soon again - Haven't
yet heard from you

My love to all -
about Amanda would
put you one of these
night caps - Good bye
Sent script to write

2 miles from Manassas Junction

June 16, 1861

My dear father,

I wrote

to you a day or two ago from Lynchburg but as I have since changed positions I wrote again. We are all still well & in good spirits. Our Regiment arrived here yesterday. Part of it in the day time but two companies among which was the Autauga Rifles didnt get in till about an hour after dark. Our camp is some two miles from Manassas Junction - we being out on the road towards Alexandria.

We had a very hard time

[page 2]

last night after getting here for we had to carry our tents chests & all other camp equipage a quarter of a mile after the cars put us down - twas heavy work so we didnt get the tents pitched till near 12 oclock at night & I assure you we were glad enough to go to bed then without thinking of supper for we travelled all the way from Lynchburg forty of us in a box car so crowded that thee was no chance to sleep at all on them.

We are the only Ala. Regiment here tho' they say the Third will be here tonight. We are not on the extreme out post

[page 3]

for a S. Carolina regiment is still farther on to Alexandria than we are. We are encamped just by the side of one S. Carolina regiment.

They daily bring in captured scouting parties of Yankees. One of ours was shot & killed yesterday evening by one of our own men by mistake. The prisoners taken are sent to Richmond. 'Tis thought here that there will be an engagement very shortly

From what I hear I suppose we have 15000 troops here - no one knows tho' for they are scattered all around for miles - I do not suppose more than two or three regiments at

any one place. I learn that our extreme out posts are within five miles of Abe's. The soldiers are afraid to be out far from camp for fear of being captured.

In a small creek near here the fish have all died but 'tis thought by some that it is only the soap used in it in washing tho' others say it has been poisoned which is very probable.

We are in an open field - 300 yds. to the woods

We have small mud-holes of springs near which offered very bad water & in small quan-

tities but we have
cleaned them out to-
day - made them very
large & built up strong
stone walls so that I
think when they get
clear we will get good
water

[page 5]

We have built up
cool coverings in front
of our tents today - They
are covered with green
brush.

We may have a fight
in two days or less even
before you get this or
it may be a month
(This is my idea).

Nat Clanton reports that
when we got here yester-
Beauregard asked him how
the Regiment was armed
& he replied "rifles" to
which B. said "I am
glad of that for I will
give you some shooting
to do in a day or two."

Seibels tells all his men
to take good care of that

pistols - so Johny tells
me to ask you if you
get a chance to send him
one. Dont forgot to send
me one if you can get it.
I wish you would also
get me a pair of shoes
for I am afraid these may
give out suddenly & there
is small chance here to
get more. Many of the men
have a reserved pair. These
being rather thin & also
worn some besides, wont

last long. You will re-
collect about how these fit
you & can get the next pair by
these. They are if any-
thing rather too large. no. 5 is
my number but I would
prefer no. 6's for this occasion.
Please also get me another
night cap The one I have

[page 7]

is rather large & inconvenient.
It will fit a barrel almost.

Ed Crenshaw came from
Charlottesville to the camp
here with me on the cars.

He had to get a pass however
to get in. He went back
this evening. He promised
me to write you a letter
as soon as he got
back.

While I write another
regiment from Missis-
sippi is coming in.
Things certainly do look
as if we were going to
have a fight.

Beauregard has thrown up
his breastworks in many
places. I must sud-
denly close - Will write
soon again - Haven't
yet heard from you.

[page 8]

My love to all -
Aunt Amanda would
get you one of those
night caps - Good bye.
Dont forget to write -
