Maj. Balliey Hall

Dear Sir,

You in regard to the \$40
mutilated notes forwarded for redemp-
tion, was rec'd some time ago - I re-
collect receiving your letter enclosing
the funds & believe that I answered
it sending good notes for the amt.
If this be the case (of which I am
not certain) I must have treated
your communication as a private
one & consequently there is no record
of the transaction - I cannot
however bear the idea that a poor
woman should suffer through my
possible carelessness & I therefore
now enclose \$40 -

I saw some mention of Bolling in
a Chambers paper but could not
make out whether he was wounded
or not - is it so?

My family are well -

Yours truly
Ed Elmer

Will you oblige me by handing the enclosed due bills
to Albert Elmer & request him to collect them for
me?
