My Dear Friend

I have before me your letter dated June 26th 1914. Now I am under the impression that I answered some - for I never recollect to reply to a letter. Yet it is possible that as I was very busy immediately after my return from Washington I did not know it was a most interesting letter and as I read it again to day I know if I did not answer it I desire to be taken out and shot!

I looked up your letter in order to get the address I wanted to ask you if you still have the papers, The Mobile Baller story and the young woman of the South story, can you return them. My little grand daughter living at Portland Oregon is getting up a scrap book of her Grand Mother's Confederate letters and I would as I have no other

Copies like to send those I might get  
a Veteran of June 1915. The Women story  
but the "Young Women of the South" story was  
not published.

Alon I would indeed like to have another  
of your most interesting letters and also to  
hear from you, if Mrs. Chetty is well  
again. She wrote me such nice letters, and I  
have wondered how she was. I do hope  
she is all right again. We had made  
an arrangement to meet at Washington  
D.C. 1917. You know her father Capt  
Murphy of the "Pelona" 1871, was a General  
of merit in Mobile 1864.

I appreciate that you have much to occupy  
your time - as you stated you had to manage  
your plantation - yet I hope you  
can spare a man or two, to our well  
fellow, who has grown to be 74 years "young".

Yours sincerely

Mr. L. Cannon  
1415 Ave. K

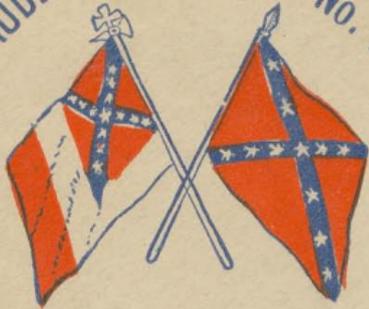

P.S.

The next  
Reunion will be at  
Okaloosa

I have to be active to go, and hope  
you will be there.

Return on 5 days  
to
