

Camp near Richmond Va May 24 1864

Mrs. W. S. Hall -

Dear Madame

Enclosed, you will find an invitation for Dr. Hull, to appear before a Medical Board for examination as an Assistant Surgeon of the Army. I saw the Surgeon General in person, and made a special request for the appointment of your husband as Assistant Surgeon, and for his assignment to my regiment. Insist upon the doctor's accepting the position. He can render the Country just as much service as Surgeon, as he can as Captain of Cavalry. Besides this, his office will require much less exposure. Urge him to comply with my request.

I should have sent the invitation to him directly, but I do not know where he is. Ask you therefore, to forward it, by the shortest and most expeditious method at your command.

Present my respects to your father.

Yours, very Respectfully
John W. A. Sanford.

P.S. Bolling Hall Sr. lost his foot in the battle of the 16th inst. but is doing very well. I was unharmed.
