

Salt Lake City, Utah. Nov. 22, 1933

Governor B.M. Miller
State of Ala.

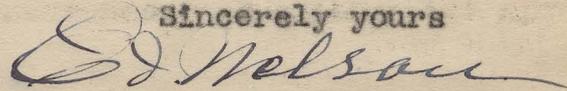

Sir:

We hereby enter our emphatic protest against the indifference of the authorities of Decatur and the State of Alabama, by their neglect to furnish full and adequate protection to Attorneys, witnesses and defendents in the trial of the Scottsboro Negro boys.

Absolutely convinced of their innocence of the crime for which they are charged, we demand all charges be dropped and their unconditional freedom.

We also demand full protection for all concerned during the trial. We are holding the respective authorities fully responsible for whatever may happen to the defendents, witnesses and attorneys.

Sincerely yours

Unit 10, Communist Party
