My Dear Sir:-

By this mail I send you the manuscript bearing upon the recent investigation made in Bullock County, Alabama. You will perhaps recall that this is the second paper asked for by you for the use of the Slater Fund. I wish very much after you have looked this over that you would return the manuscript to me as I wish to go over it with a little more care after you have made your suggestions or criticisms.

Yours truly,

*Booker T. Washington*
