GOING! GOING! GOING!
What is it going?
L. D. BROWN'S stock wagon, with fifty loads more of that RED ASH COAL, the best brought to this market. Will you have it?

E. ROSENHEIM & CO., having purchased the stock of goods and coal of S. H. Lawrence, will continue the business as dealers in Fresh Fruits, Vegetables, Confectioneries, &c., at the same place, one door above P. T. Brady's grocery store. They will constantly receive the very best articles in their line, and would respect fully ask for a liberal share of the patronage of the public.

From No. 4 of U. M. W. we find the following interesting news: Capt. H. G. Gullett, ex-captain of the Texas to practice law together. Walter T. Cook at Mobile Medical College. W. A. Campbell going to be married, just as his bigger brother, Z. B. Gumble Fenton Robertson has been seen at the University, lately. Capt. Perry H. Carpenter, reading law under Col. J. J. Jolly, at Birmingham. Con. E. Wallis is farming, fox-hunting and 'possum hunting near Uniontown. A. H. Graham practicing law at Tuskegee. The University turned out its first law graduates last term. The following members of the Senior class were graduated on Bachelor of Laws, passing highly creditable examinations: L. M. Clements, W. C. Johnson, R. J. Johnson, F. S. Moody, S. Prince, and T. E. Watts, Jr.

O. M. Stokes, furniture dealer, has gone to Louisville, Ky., to procure the largest and most elegant supply of new furniture ever seen in Tuskaloosa. During his absence his Undertaking business will be conducted by a man in his employ who is entirely competent; and his clerk, Johnny Stillman, will be on hand at the store, ready to wait on customers.

Thanks to the polite and friendly Capt. John G. Stokes, now of Washington city, we receive, regularly, the *Daily Congressional Record*—a most valuable paper, giving us the proceedings of the U. S. Congress, in full.

All persons desiring to procure, gratis, vegetable and flower seeds, adapted to the Southern climate, will be accommodated by addressing Hon. Fred. Watts, Commissioner of Agriculture, Washington, D. C. A good opportunity for the many who are unable to spend money for luxuries or for purposes of beautifying their homes.

A Great Bargain!
THE "EAGLE BRAND" in North Port, owned by W. M. Moore, is offered for sale at cost. A good stand, offering a fine opportunity to the lucky purchaser to make money. Feb. 6, 1874—17

R. & S. Palmer & Co.

In these dull times, and in this country, it is a treat to cross the river, and spend a half-hour or so in the busy store of the worthy and energetic firm whose name heads this paragraph. Having occasion to cross the bridge last Friday afternoon, we wedged our body into this crowded store, and was thunderstruck at the business vitality that surrounded us. The two Palmers were kept constantly moving to and fro, waiting on eager customers, and assisted by several employees, who were eternally heaping up on several pairs of Fairbanks' scales quantities of bacon, barrels of lard, sugar, flour—indeed, everything in the heavy as well as the light grocery line. We priced and sampled many articles, and found them cheaper, all as good, and many better, than similar articles to be had in the interior. As a specimen of the gigantic scale on which they are conducting business, they sold and delivered in one day, thirty-two thousand pounds of bacon and one hundred and fifty-five sacks of salt. In one day they sold more for cash, not only than any house in North Port or Tuskaloosa, but than any house in West Alabama. Maj. Cox, a member of the firm, keeps books, is the buyer and financier, and has had seven years' experience in the grocery business. The firm has a large wholesale and retail trade in Winston, Walker, Sanford, Pickens, Fayette and other West Alabama counties, is rapidly increasing its patronage and enlarging its trade-boundaries, and is justly entitled to its popularity.

L. D. BROWN never sells any cheap coal, but always sells GOOD COAL cheap.

E. SNOW & CO. have just received new lot of Spiced Calicoes and French Percales. Be sure and call before purchasing.

DAILY DOGS.

The negro Hampton Wade, who was confined and sentenced to death at the jail, on the ground of being a vagrant, was taken to the gallows on Friday, March 13, last, at 10 o'clock. A heavy rain and some snow on Thursday morning, doing no damage, however, to vegetation. Capt. D. M. Scott left Tuesday, for New York, to purchase a supply of Spring goods for his house. One of the most delightful entertainments ever had in Tuskaloosa, was given on Friday evening by Dr. and Mrs. E. J. Harris to their son Geo. A. Harris and his bride. The company was select and agreeable; the supper was splendid. We had the luck to be several times "cornered" by one or two of those shrewd fellows, alluded to by us two weeks ago. The "Merchants' Exchange" has recently been renovated, painted and beautified generally, internally, till it will compare with any saloon in Alabama in attractive qualities. The proprietors have spared no pains or expense in rendering it a delightful resort for the thrifty and smoking public. Sandy large, new mirrors have been placed in position. Besides these eye attractions, the shelves are filled with all the liquid luxuries that the most dainty drinker can call for. Col. John Hampton gave us a call on Saturday morning. He was greatly concerned about the radical change in the life of his neighbor, Capt. Tarrant; but thinks that he will be able to re-change him before the hot weather sets in. Col. H. is improving, his health is on the outside of the city, and is, as usual, "Amusing" going on Saturday, as usual. Muller & Barton seem to be doing a good business. Since our announcement, last week, of the fact that drinks had fallen to a bit of a price, we noticed the presence in the city of many countrymen who had not been here before in many weeks. A project is on foot to have a grand masquerade pageant in Tuskaloosa soon, somewhat after the style of Mardi Gras in the large cities. The name of this new Order of myths has been furnished by a Latin and French scholar, and is *Mul-Gras*; null being a contraction of the Latin, for *muller*, (woman), and *gras*, being the French for fat. A very large wagon is to be constructed for the benefit of the new Graciosa, who number nineteen, and an agent will be sent abroad for the purpose of procuring nineteen elephants to pull the wagon and contents. As our streets are level, it is thought by the managers that that number of elephants will be sufficient for the gigantic purpose. Such a display would draw thousands of visitors to Tuskaloosa, thereby greatly benefiting the city. It will be represented by one of four three-hundred-pounder citizens of the place, seated in a chair, consisting of Bourke's war-house placed on wheels, and drawn by all the engines on the A. & C. R. R. road. Another rail, early Saturday morning, and the river rising and in magnificent bating condition. The "Emm" duly reached here. Noble Capt. Tarrant! He dropped in upon us after meridian on Saturday, to inform us that the only motive that actuated him to join the Good Templars, was to save his dear friend, (whom he loves better than himself) Col. Hampton; hoping that his illustrious example would, eventually, be followed by Col. H. and the latter be preserved from the dangers that once encompass him! Such disinterested self-denial on the part of Capt. Tarrant marks him more. Damon could not have done more for Pythias, nor Cato more for Pollux, than that! His example is worthy of all imitation, and we trust that his friend for whom he has made the spiritual sacrifice, will reward him thereby by going and doing likewise; i. e., joining the Good Templars. Mrs. M. C. Thomas leaves this week, on a visit to relatives in Western Texas. Capt. Kirkham and wife leave for their home in Houston, Texas, on Saturday next. Mrs. Roy, nee Miss Anne Deam, of Aberdeen, Miss., is on a visit to Mr. and Mrs. J. A. B. and man. Another unfavorable day for people and next day was so. It was a bad day for the exhibition of new bonnets and dresses. Mrs. Sweeney, of Columbus, Ga., is on a visit to Mrs. Ross. Miss Jennie Pierce has returned to Tuskaloosa, and is at Mr. and Mrs. B. man's. Saturday night was made hideous by a crowd who got together on the streets and amused themselves firing pistols and making the devil to pay generally. It seemed to be an impromptu affair, caused by the arrest of the distinguished, drinking Whitley by policeman Murphy and Porell. It appears that the frolicking crowd, to the number of forty or fifty fellows, determined to have some sport by rescuing the sacred, idolized Whitley from the desecrating hands of the two policemen, and they accordingly accomplished the daring feat amidst infernal noise and considerable tumult, and Porell and Murphy were, in turn, arrested by Whitley's numerous reinforcements. We understand that the handsome Porell was somewhat disfigured in the unequal conflict. On the whole, we think, really, that full grown men have little to do on Saturday nights, when they spend them thus, to the annoyance of the quiet, industrious portion of the community. An idle brain is well said to be the devil's workshop. People who do nothing on Saturday night, are bound to go to bed at night. Employment is what the men of this city need, and should have. Porell says that the crowd was composed of members of all the churches, Masons, Odd Fellows, Glee Clubs, Ku-Klux, Good Templars and Grangers. Alaral Johnson, of course, was ruing in "his little bid," and did not take part in the defence. Mrs. Olin, S. Hallwood left yesterday for Baltimore, for the purpose of purchasing her Spring and Summer stock of millinery. Considerable real estate has been sold and bought in by the State, during the week. The elegant, palatial residence of Hon. "Gus" Roberts, with contiguous magnificent store and princely shops, were purchased by the State for their taxes. Why is it that when the State buys property at a tax sale, said property can be redeemed by the late owner any time in two years by paying only the tax, and no rent, whilst, when an individual purchases the same, the late owner has not only to pay rent, but also a premium of 10 per cent. on the price he bought, for the privilege of reclaiming it. This is not right. The State should have the same legal rights with the individual, and should exact two times as much.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful invigorant that ever sustained the failing system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, Hand out our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary.

There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored, acid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Brutitions of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammation, Lupus, Inflammation of the Skin, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent, and Intermittent Migrations, Headache, Pain in the Kidneys and Bladder, these Bitters have no equal. Such diseases are caused by Vitiated Blood.
